FEATURES THAT SET US APART

SEAM BY SEAM,
BUILT TO
WITHSTAND TIME

GeorooF Stanza Roofing provides a sleek, robust roofing solution, designed for both residential and commercial buildings that demand style and resilience. With its clean lines, concealed fasteners, and innovative features, this roofing system stands out as an ideal choice for those who value modern aesthetics and long-lasting quality.

SEAMLESS, CLEAN LINES

The raised seams and concealed fasteners of GeorooF Stanza roofing create a smooth, uninterrupted look that adds a contemporary touch to any building.

CONCEALED FASTENERS, FLAWLESS FINISH

GeorooF's concealed clip system hides fasteners beneath the seams, eliminating visible hardware for a clean, polished appearance.

BUILT TO RESIST HARSH WEATHER

Designed to withstand extreme conditions, GeorooF Stanza roofing effectively resists heavy rain, snow, hail, and high winds.

THERMAL EXPANSION AND CONTRACTION

Stanza panels are engineered to adapt to temperature changes, expanding and contracting with ease.

ENERGY EFFICIENCY (WHEN INSTALLED ON BOARDS)

Reflective coatings on the roofing help minimize heat absorption, keeping interiors cooler even in hot weather.

UNMATCHED DURABILITY

Crafted from high-quality Alu-Zinc, the Stanza panels are exceptionally resistant to fire, corrosion, and pests.

MINIMAL MAINTENANCE

The durable metal composition and seamless design reduce the need for frequent repairs and upkeep.

SOUND PROOF

When installed on boards, GeorooF Stanza Standing Seam Roofing System reduces noise transmission, making it an ideal solution for applications where sound insulation is a priority.

CUSTOMIZABLE APPEARANCE

Available in a range of colours, finishes, and metal types, GeorooF Stanza roofing can be tailored to match any architectural style.

SOLAR PANEL READY

GeorooF Stanza roofs are ideal for solar installations, as solar panels can be mounted directly onto the raised seams without the need for drilling holes.

ECO-FRIENDLY

Made from recyclable materials and with the potential to further fully recycle at the end of its life, GeorooF Stanza roofing is an environmentally conscious choice.
